

To the ladies, God bless them!

HERE YOU SEE a force that Hitler and Tojo sadly misjudged — *American womanpower.*

Day and night, throughout the U.S. aircraft industry, women by the thousands are working to upset the Axis applecart. Women who were stenographers, home-bodies, salespeople . . . the girl next door . . .

They multiply mightily our productive power. Make it possible for ever-growing swarms of warplanes to be turned out faster.

The airplanes built at Northrop carry a message from free men and women—in the only words the enemy seems to understand. And even as our planes speak in battle, the Northrop group works on—creating and building yet more deadly aircraft.
