THE VALUE OF PERFORMANCE.

NORTHROP GRUMMAN

Pay for Performance by Northrop Grumman

Pay for Performance provides

- An open platform for data ingestion, data processing and analytics
- Near real-time visibility of cost and quality measures for provider and provider group performance
- Big data support for structured (e.g., claims) and semi-structured (e.g., EHR C32) data
- Cloud-based data processing and data integration (ETL/ELT-like) framework that facilitates easy integration with common statistical packages and business intelligence tools
- Integration of the public domain quality measures to jumpstart physician's performance insights
