Re: Orbital ATK is now Northrop Grumman Innovation Systems Inc.

To Our Valued Suppliers:

Orbital ATK, Inc. (Orbital ATK) is now a wholly owned subsidiary of Northrop Grumman Corporation (Northrop Grumman). The combination of our two companies will create significant, long-term value for our customers, employees and shareholders, while ensuring continued strong performance across all of our programs. Going forward, Orbital ATK will operate as a new business sector of Northrop Grumman and will be called **Northrop Grumman Innovation Systems, Inc.**

Although its name has changed, the entity formerly known as Orbital ATK will continue to exist as a separate legal entity. Supplier contracts with Orbital ATK will not be assigned to Northrop Grumman or any other corporate entities or affiliates in connection with the transaction. Further, Orbital ATK's subsidiaries – Alliant Techsystems Operations LLC, Orbital Sciences Corporation, ATK Space Systems Inc. and ATK Launch Systems Inc. – will continue as wholly owned subsidiaries of Northrop Grumman Innovation Systems, Inc.

We would also like to take this opportunity to inform you that any changes to banking account, wire transfer or other invoicing/billing practices will be delivered to you in hard copy with a follow-up voice phone call from a point of contact who you know and whose identity you can verify. For your protection and ours, please do not accept any fraudulent or scam attempts to change such information that are presented to you through compromised business e-mail or otherwise outside of this process and without authentic verification from someone you trust.

We recognize our Suppliers as an integral part of our business model and key to our on-time delivery of quality products and services. Thank you for your commitment to us and to our customers now and in the future.

Sincerely,

A handwritten signature in black ink that reads "Victoria H. Schumann".

Victoria H. Schumann
Vice President, Supply Chain Management
Northrop Grumman Innovation Systems
