Trusted partners on the
forefront of payment and
service delivery reform
within State Health and
Human Service agencies

THE VALUE OF PERFORMANCE.

NORTHROP GRUMMAN

State Health and Human Services

Northrop Grumman providing IT solutions along with program and technical expertise for over 25 years in Health and Human services

Consolidated Statements

In an unprecedented time of enhanced funding, technology innovations and access to data, Northrop Grumman is assisting state Health and Human Services (HHS) agencies achieve payment and service delivery reforms for more cost effective operations and enhanced consumer experiences.

Highlights of our IT support in this area include:

- Data visualization, including episodic data to support episode-based health care delivery
- Data analytics, Data Security, Data Virtualization, and Cloud Technologies
- Enterprise data warehouse operations
- System integration, including a universal assessment system for Long-Term Services and Supports (LTSS)
- Avance™, a modern Medicaid Eligibility and Enrollment platform extendable to other programs
- Technical and domain experts who serve as trusted advisors
