Our New York State Department of Environmental Conservation-approved work begins the week of June 8, 2020, along our South Recharge Basins.

We will install a 24” diameter pipe starting at the west end of the South Recharge Basin (heading east as shown). Weather permitting, our team will install approximately 45 feet of pipeline per day.

- Mobilization: Week of June 8
- Section 1: Week of June 15
- Section 2: Week of June 22
- Section 3: Week of June 29
- Section 4: Week of July 6
- Section 5: Week of July 13
- Section 6: Week of July 20
- Section 7: Week of July 27
- Section 8: Week of August 3
- Section 9: Week of August 10

Our contractors will conduct their work from 7 a.m. to 3:30 p.m., Monday through Friday. Our goal is to complete our work as quickly as possible. Visit [www.northropgrumman.com/bethpage](http://www.northropgrumman.com/bethpage) for overall project details.

*Status as of 5/28/20 (schedule subject to change)*
