

Randy F. Bradley

*Vice President and Site Leader
St. Augustine, Fla. and Remote Locations
Northrop Grumman Aeronautics Systems*

Randy F. Bradley is the Vice President and Site Leader for the Saint Augustine Aircraft Center of Excellence (SAAI CoE) at Northrop Grumman Aeronautics Systems, a premier provider of military aircraft, autonomous systems, aerospace structures and next-generation solutions critical to our nation's security. The SAAI CoE produces, modifies, repairs and overhauls military aircraft and subassemblies.

In his role, Bradley leads personnel supporting company-wide operational efforts in Melbourne, Fla.; Moss Point, MISS.; New Town; North Dakota; San Diego, CA.; and Warner Robins, GA.

With more than 30 years of aerospace and military experience, Bradley has served domestic, international, defense, and commercial markets. Throughout his career, he has enjoyed opportunities of increasing responsibility with Honeywell Corporation and Northrop Grumman Space & Aeronautics Systems Businesses. He has served as the E-2/C-2 Product Build IPT Director, F-35 Upper Lower Assembly and Mate IPT Manager, Program Manager for Commercial Navigation Space Systems, and the B-2 Project Manager for Environmental Control and Auxiliary Power Systems.

Current accountabilities include managing and integrating manufacturing and production operations for various aircraft programs. Bradley also serves as Crisis Management Lead for the Aeronautics Sector.

Beyond his commitment to our warfighter, Bradley is dedicated to promoting employee development and engagement. He routinely supports numerous employee resource groups including the African American Task Group (AATG), Women in Northrop Grumman, (WiNGs), and connect1NG, as well as the Executive Sponsor for the NGRC (Recreational Clubs).

Engaged in the St. Johns community, Bradley serves on the Board of Directors for the TCP Boys and Girls Club. He also maintains an advisory role with the St. Johns Chamber of Commerce.

A United States Marine Corps Veteran, and certified in Professional Project Management, Bradley earned a Bachelor's of science degree in manufacturing technology from Southern Illinois University, Carbondale. In January 2020 Randy Bradley was promoted to the Vice President role leading the St. Augustine site.

Northrop Grumman solves the toughest problems in space, aeronautics, defense and cyberspace to meet the ever-evolving needs of our customers worldwide. Our 97,000 employees define possible every day using science, technology and engineering to create and deliver advanced systems, products and services.
